There are more than 5 million English language learners (ELLs) in U.S. public schools today; these students make up nearly 12 percent of the total public school population. By 2025, most teachers will have had at least one ELL in their classroom, if not a whole roomful. In addition to learning a new language, most ELLs also have to adjust to a new environment and culture, as well as learn new academic skills and new content. This can be a challenge for educators, especially if they have not received prior information, materials, or preparation on how to work with this group of students.

Reading is the fundamental skill upon which all formal education depends, and recent research indicates that the key components of effective reading instruction for native English speakers—phonemic awareness, phonics, oral language fluency, vocabulary, text comprehension, and writing—also benefit ELLs, but with necessary adaptations such as extensive vocabulary instruction and oral English language development, cognate connections, and the explicit instruction of idioms and words with multiple meanings.

Keeping periodic track of the progress English language learners are making in their second language acquisition skills is essential. Learning a second language is a complex process. It's important for educators to gauge each student's abilities and skills regularly; each English language learner will acquire second language knowledge and skills at his or her own pace. It is especially important to keep track of these academic language skills because English language learners may acquire social language skills (the language used in informal interactions, such as on the playground) a lot faster; this may mask their true progress learning academic language (the type of English found in textbooks and assessments).

This starter kit provides helpful forms for PK-12 educators who work with ELLs to find out if they're on track learning the important academic English skills they need to be successful.

In this kit, educators will find:

- monthly tracking forms that assess students' level of progress on various reading and oral communication skills;

For More Information

We urge educators who have not worked with ELLs previously to seek help and advice from other teachers and paraprofessionals who specialize in English as a Second Language (ESL) or bilingual education and collaborate with them. These specialized colleagues can be important allies in helping mainstream educators better address the needs of ELL students.

- a glossary of common phrases and words used in Spanish to facilitate initial immediate communication with students;
- a list of Spanish-English cognates;
- a list of some recommended bilingual, culturally appropriate storybooks for children; and
- information on PK-3 literacy tip sheets available for parents in 11 languages.

This resource is part of the “For Educators” section of Colorín Colorado—the partnership project between the American Federation of Teachers (AFT) and the Reading Rockets project of PBS station WETA. The words “Colorín Colorado” are significant because they are part of the popular and playful ending phrase to virtually all children's stories and fairy tales in Spanish-speaking countries. The meaning is similar to “and they lived happily ever after.”

The Web site www.ColorinColorado.org provides high-quality, research-based instructional information on what educators can do to help their ELLs succeed academically. Colorín Colorado also includes bilingual information for Spanish-speaking parents on how to help their children succeed in school.

This starter kit was developed with Spanish-speaking ELLs in mind (because they account for more than 80 percent of all ELL students in the United States), but the monitoring forms also will be helpful for students from other cultural and linguistic backgrounds. This booklet can be photocopied or reproduced as many times as needed.

Student's name _____ Grade _____ Date _____

Class _____ Teacher _____

Use of reading strategies

- Reads short stories and books. Uses reading strategies. Retells plot, characters, and events.
- Relies more on print than illustrations. Retells beginning, middle, and end of stories.
- Retells main idea of text. Relies on print and illustrations.
- Pretends to read. Uses illustrations to tell story. Memorizes pattern and familiar books.

Word and sentence recognition

- Recognizes range of sight words and names.
- Recognizes basic sight words and names.
- Knows most letter/sound correspondences. Recognizes simple words.
- Recognizes some letters, names, and words in context. Rhymes and plays with words.

Text choices

- Reads a variety of materials, including fiction and non-fiction, fairy tales, poems, directions.
- Reads with little variety in materials.
- Reads books with word patterns.
- Listens to fiction, fairy tales, poems, oral stories.

Level of independence

- Reads silently for short periods of time. Does not need teacher guidance.
- Reads silently. Needs some teacher guidance.
- Does not see self as reader. Needs teacher support for many reading tasks.
- Participates in rereading of familiar stories or books. Needs teacher support for most reading tasks.

Expressive Reading

Use this form to document an English language learner’s ability to read with expression. Complete a new form **each month** to learn about the student’s proficiency level. Use the form to help you plan next steps, and share this assessment with other educators who are assisting your student.

Student’s name _____ Grade _____ Date _____

Class _____ Teacher _____

Expressive readers read with stress, pitch variations, intonation, phrasing, and pausing in their voices. Use the following rubric to assess expression. Listen to a student read for about sixty seconds and indicate below his or her overall reading proficiency and fluency.

Score	Criteria
4	Reads primarily in large, meaningful phrase groups. Some regressions, repetitions, and deviations from the text. Most of the story is read with expressive interpretation. Reads at an appropriate rate.
3	Reads primarily in three and four word phrase groups. The majority of phrasing seems appropriate and preserves the syntax of the author. Little or no expressive interpretation is present. Generally reads at an appropriate rate.
2	Reads primarily in two-word phrase groups. Some word-by-word reading may be present. Word groupings may seem awkward and unrelated to the larger context of the sentence or passage. Reads significant sections of the text excessively slow or fast.
1	Reads primarily word-by-word. Lacks expressive interpretation. Reads text excessively slowly or with excessive speed, ignoring punctuation and other phrase boundaries. Reads with little or no expression.

Student’s name _____ Grade _____ Date _____

Class _____ Teacher _____

- Monitors whether he/she is understanding what has been read
- Asks for help when he/she is confused about what has been read
- Makes predictions about stories and texts
- Completes graphic organizers to enhance his/her understanding of what has been read (graphic organizer has been modeled for the student, and guided practice has already been provided)
- Generates questions about what has been read
- Rereads for answers to questions
- Summarizes stories or content area texts
- Is able to sequence correctly a series of events that occurred in a story or text
- Is able to distinguish between fact and opinion (grade appropriate), fiction and nonfiction
- Is able to find the main idea, important facts, and supporting details from a text that he/she read

Similar Spanish – English Words

Cognates are words in two languages that share a similar meaning, spelling, and pronunciation. Almost 40 percent of all words in English have a related word in Spanish. For Spanish-speaking English language learners, cognates are an obvious bridge to the English language.

The following is an alphabetical list of English and Spanish cognates. Please see <http://www.colorincolorado.org/introduction/cognates.php> for suggestions on how to use cognates to help students learn English.

Information, activities, and advice for educators of English language learners

The following bilingual books would be great additions to any classroom. Bilingual books, which are often written with Spanish and English appearing side-by-side, can help introduce bilingual skills, increase language and listening abilities, and increase students' cultural awareness. Reading aloud to bilingual learners can be a particularly powerful instructional tool. Read alouds can help develop students' vocabularies, introduce new concepts, and reinforce understandings of what students already know. See http://www.colorincolorado.org/inclass/books_month.php for more information about these books plus discussion questions and suggested classroom activities.

Information, activities, and advice for educators of English language learners

Reading, and a love for reading, begins at home. These one-page reading tip sheets offer easy ways for parents to help their children become successful readers—even if parents don't speak English! It turns out that children who have a solid foundation in their first language have an easier time learning to read in English, so we've provided the tip sheets in eleven languages.

Some of the tips include tracing and saying letters out loud, pointing out print, and saying tongue twisters. If parents aren't strong readers themselves, it is still important for them to know that they can make a positive contribution and help build their children's literacy skills by encouraging their love for reading and by telling them how important it is to read.

The tip sheets are categorized by grade level, but feel free to use them with children at various ages and stages. And we encourage you to use and distribute these as part of larger parent outreach efforts at your school.

You can download the tip sheets at:

<http://www.colorincolorado.org/guides/readingtips>

Reading tip sheets are available in the following languages:

- English
- Spanish
- Chinese
- Arabic
- Haitian Creole
- Hmong
- Korean
- Navajo
- Russian
- Tagalog
- Vietnamese
